Nykita Vernot	455	56.9	0.276	81	87	56	8

Coach's Comments:

Congratulations to John Scott, Dylan Beall, and Nykita Vernot who were our Division Champions for each of the three Summer Hitting League Divisions. The longest winning streaks go to Dylan Beall and Nykita Vernot with 7 consecutive wins each. Each of them lost their first game and then proceeded to "run the table" to take the championship in their respective divisions. More high scores and personal bests continued through this last week of play. Bailey Rouk and Brooke Baxter again topped their previous bests while Zach Rouk tied his all-time mark for the second week in a row.

Awards will be presented on Thursday, Sept 11th at 5:30 PM (just before the FREE HITTING night that will kick-off the Fall Hitting League). The balance throughout the divisions (especially in the girls division) made games very fun and exciting. Four girls were separated by only 5 points in overall average and, by the end of the season, all 6 girls were achieving similar scores.

Thanks to everyone who helped make this first Hitting League a success. Feedback I've received from parents and kids indicate that it has been fun and well-liked. Based on the results and continued successes from week to week, it has been well worth the effort.

Finally, the message I'd like each player to keep throughout the season is to use this time for practice, enjoy the competition, and always put forth your best **C.H.A.M.P.S.** effort. In case you haven't heard, CHAMPS stands for: Coachable, Honor, Attitude, Mentor, Perserverance, Sportsmanship. I'll try to explain each of there character traits to the kids throughout the coming weeks.

Week #3, **C**oachable; Week #4, **H**onor; Week #5, **A**ttitude; Week #6, **M**entor; Week #7 **P**erseverance; Week #8, **S**portsmanship.

NOTE:

The Week #8 **C.H.A.M.P.S.** Letter "**S**" for **S**portsmanship goes to the entire league. Yes, everyone was deserving of this recognition. These have been a great group of athletes this season. I'm looking forward as many returning players as possible keeping this league moving forward and mentoring the new athletes we add in the Fall League.
